

Regarding your request for a copy of a summit register signature please complete the form below and email it to Mount Rainier National Park Museum Curator, [brooke\\_childrey@nps.gov](mailto:brooke_childrey@nps.gov)

### **Summit Register Signature Request Form**

The Mount Rainier National Park Archives contain a collection of original summit registers covering the period 1932 to 1997. Records are available for ascents between 1998 and 2003, but they are being recorded on microfilm and may require additional time to locate. Some summit register pages have been damaged and some volumes are missing registers for certain dates. The information you provide will be forwarded to the park's Museum Curator who will initiate a search. A response to a summit register request may take up to three weeks and there is no guarantee that the signature you request can be located. If the signature is located, you could request a free photocopy to be sent to the address you provided.

#### Person Making Request

Name:

Mailing Address:

Phone:

Email (if available):

Date of Request:

#### Signature Requested to Locate

Name [as it appears in the register]:

Date reaching the summit [year, month & day if known]:
